However, the County failed to file audited annual financial statements within 180 days of the end of the fiscal year as required by the continuing disclosure undertaking for the serial bonds issued through the Municipal Bond Bank Agency in 2009. It should be noted the County does not complete its audited financial statements within 180 days of the end of the fiscal year and, therefore, the County could not file such documents within the timeframe stated. Notices of failure to file have been submitted to EMMA relating to the County's audited annual financial statements which were not filed in a timely manner for the fiscal years ending December 31, 2012 through and including December 31, 2025.

The County failed to file its 2021 annual financial information and operating data ("AFIOD") within 180 days of the end of the fiscal year. The County filed its AFIOD on July 1, 2022. The County provided notice of such late AFIOD and material event filing on July 15, 2022.

The County failed to file its 2022 audited financial statements by the last business day of the succeeding fiscal year as required by certain disclosure undertaking agreements. The audited financial statements for the fiscal year ending December 31, 2022 were dated April 24, 2024 and were filed to the EMMA system on May 2, 2024. The audited financial statements for the fiscal year ending December 31, 2023 were dated April 4, 2025 and were filed to the EMMA system on April 10, 2025. A failure to file notice was submitted to the EMMA system on January 6, 2025.

The County failed to file its 2024 audited financial statements by the last business day of the succeeding fiscal year as required by certain disclosure undertaking agreements. The audited financial statements for the fiscal year ending December 31, 2024 are not available as of the date of this Official Statement, however, will be filed promptly upon completion. A failure to file notice along with a failure to provide notice of such failure to file was submitted to the EMMA system on July 14, 2026.

The County failed to timely file notice of the incurrence of a financial obligation with regards to the issuance of a bond anticipation notes issue old without an Official Statement. On January 6, 2025, an Event Notice was filed in connection with the Incurrence of a Financial Obligation-Debt Obligation to disclose the $128,000 bond anticipation notes that was issued on December 5, 2024. The filing of this notice was not within the timeline stated in the County's prior undertaking agreements. Due to the late filing, also on January 6, 2025, a Failure to Provide Event Filing Information as Required was filed.

The section entitled “RATING” on page 25 inadvertently contained a S&P Global Ratings rating on the County’s long term bonds, the S&P rating has been withdrawn as of April 8, 2026. The section entitled “RATING” now reads as follows:

RATING

The Notes are not rated. The purchaser(s) of the Notes may choose to have a rating completed after the sale at the expense of the purchaser(s), including any fees to be incurred by the County, as such rating action will result in a material event notification to be posted to EMMA which is required by the County.

The County does not currently have an outstanding rating on its long term general obligation debt.

Generally, rating agencies base their ratings on the information and materials furnished to it and on investigations, studies and assumptions by the respective rating agency. There is no assurance that a particular rating will apply for any given period of time or that it will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any downward revision or withdrawal of the rating of the outstanding bonds may have an adverse effect on the market price of the outstanding bonds.
